

Innovative Women's HealthCare Solutions
Patient centered. Patient driven. Patient empowered.

Congratulations,

Welcome to Innovative Women's Healthcare Solutions. We are pleased that you have chosen our practice for you prenatal care. You can be assured that we will make every effort to provide you with the highest quality healthcare available.

At your first prenatal visit, will obtain a detailed medical history, draw routine prenatal labs, and perform a physical exam including a pelvic exam. You should expect to spend 1-2 hours in the office for this visit. Your subsequent visits will last from 30 minutes to an hour depending upon the services needed.

During your pregnancy you will have the opportunity to join a Lamaze class and learn about breast feeding. You will also have an opportunity, to tour the hospital where you are planning to deliver.

We thank you for your confidence in our services and allowing us to participate in this special time in your life. If you have any questions, concerns, or suggestions to improve your experience. Please feel free to let us know.

We look forward to serving you!

Melinda Miller- Thrasher, MD
